LibertyLink® and Roundup Ready® 1 soybeans do not qualify for incentives.

1. Mauler® rebate will only be paid when applied with Valor®, Fierce® or Warrant® Herbicide.
2. Up to 2 applications of Warrant® Herbicide will be eligible for incentives.
3. Use of an approved Drift Reduction Agent is now required for certain tank-mix combinations within the Roundup Ready Xtend Crop System. Visit XtendiMaxApplicationRequirements.com for approved tank-mix partners and nozzles.

*Qualifying products must be purchased from a participating retailer between August 1, 2017 and August 15, 2018. See participating retailer for details. Program subject to change.*
Qualifying products must be purchased from a participating retailer between August 1, 2017 and August 15, 2018. See participating retailer for details. Program subject to change.

XtendiMax® herbicide with VaporGrip® Technology is part of the Roundup Ready® Xtend Crop System and is a restricted use pesticide for retail sale to and use only by Certified Applicators or persons under their direct supervision.

ALWAYS READ AND FOLLOW DIRECTIONS FOR USE ON PESTICIDE LABELING. It is a violation of federal and state law to use any pesticide product other than in accordance with its labeling. NOT ALL formulations of dicamba or glyphosate are approved for in-crop use with Roundup Ready 2 Xtend® soybeans. ONLY USE FORMULATIONS THAT ARE SPECIFICALLY LABELED FOR SUCH USES AND APPROVED FOR SUCH USE IN THE STATE OF APPLICATION. Check with your local Monsanto dealer or representative or U.S. EPA and your state pesticide regulatory agency for the product registration status and additional restrictions in your state. For approved tank-mix products and nozzles visit XtendiMaxApplicationRequirements.com.

Roundup Ready 2 Xtend® soybeans contain genes that confer tolerance to glyphosate and dicamba. Glyphosate will kill crops that are not tolerant to dicamba. Contact your Monsanto dealer or refer to Monsanto’s Technology Use Guide for recommended weed control programs.

Monsanto Company is a member of Excellence Through Stewardship® (ETS). Monsanto products are commercialized in accordance with ETS Product Launch Stewardship Guidance, and in compliance with Monsanto’s Policy for Commercialization of Biotechnology-Derived Plant Products in Commodity Crops. This product has been approved for import into key export markets with functioning regulatory systems. It may not be moved to, or used, processed or sold in countries where all necessary regulatory approvals have not been granted. It is a violation of national and international law to move material containing biotech traits across boundaries into nations where import is not permitted. Growers should evaluate data from multiple locations and years whenever possible. Check with your Monsanto representative for the product registration status in your state. Excellence Through Stewardship® is a registered trademark of Excellence Through Stewardship. B.t. products may not be registered in all states. Check with your Monsanto representative for the registration status in your state.

Roundup Technology® includes Monsanto’s glyphosate-based herbicide technologies. Individual results may vary, and performance may vary from location to location and from year to year. This result may not be an indicator of results you may obtain as local growing, soil and weather conditions may vary. Growers should evaluate data from multiple locations and years whenever possible.

ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS. Degree®, Degree Xtra®, Hatch®, Harnessed® brand products, TripleFlex® II Herbicide, Warrant® Herbicide and Warrant® Ultra Herbicide are not registered in all states and may be subject to use restrictions. Degree Xtra® and Harnessed® are restricted use pesticides and are not registered in all states. The distribution, sale, or use of an unregistered pesticide is a violation of federal and state law and is strictly prohibited. Check with your local Monsanto dealer or representative for the product registration status in your state.
